

Army of the 4 Winds: Visitation

by David Michael, info@glentivar.org

Real – Not Mental Wanderings

On Christmas day, December 25, 2010, I was up upon the mountain at 10,000 feet elevation most of the day praying and had a conversation with a representative of God (YHWH). I thought first it was the Holy Spirit as the conversation was in the mind yet very loud, vivid and distinct.

It was not casual thought or mental wanderings but later I was shown it was the Spirit of the Lord speaking through Saint Michael the Archangel that spoke to my understanding. The message was regarding the 4 winds that are among the armies of YHWH who will war against the regime of the antichrist in the last days.

Cross that Conquers

Some of the conversation I cannot fully disclose but I will share what I can. The event occurred as a series of questions and answers and I was fully awake during the conversation. I knew where Michael the Archangel sat on a rock to the left above me as he told me these things but I could not see him with my eyes.

The first question I posed was regarding the medicine wheel cross or St. Andrews cross that I had been told to use many years ago. I was told in a dream, "With this cross you will conquer." I saw a vision of the Saint Andrews cross as I was being told this. Here is the conversation with Michael the Archangel.

Conversation with Michael

Q: Why was it said, "With this cross you will conquer?"

A: It is the symbol for the four winds. I will give you the 'protection' of the 4 winds. They are an army.

Q: Is that why I was called 'Windwalker' by the angels in a dream where I looked down upon the earth and traveled through the solar system in a dream?

A: Yes. This name and call was known to them some time ago. Music will be the language to speak to the four winds. You have had this prophetic 'music' gift since your fast upon Mount Zion when you were age thirteen. It is for this reason that the 'wind' angels have sang with you in worship on many occasions.

Q: How many are there in the army?

A: Twelve legions of angels are assigned to the four winds.

Q: How are they structured as an army?

A: There are 4 Generals leading each wind and they are represented to man in dreams and visions in the form of horses that often speak. You met one of them in 1982. The four winds are represented as companies of red, black, white and dappled horses. Each wind has three Captains under the four Generals with one legion of angels assigned under each Captain. The 12 Captains under the 4 Generals have taken the names for each of the 12 tribes of Israel.

Q: What about the staff that I have proposed? What kind of material should be used for the coil tip or focal point?

A: That which transcends time and matter.

The conversation then ended and Michael the Archangel was gone from the rock where he was sitting.

I subsequently did an extensive study of the scriptures to determine if what was spoken aligned itself with what has been revealed in the past. I came across 25 scriptures that related to this conversation. The major scriptures that confirmed what was spoken are as follows:

Scriptures Of the wind as an Army of YHWEH

- Four winds are represented as horses of four different colors. Zec. 1
- Wind horses travel the earth assessing the state of peace or war upon the earth. Zec. 6:5
- Angels have a charge to protect us. Ps. 91:11

- Wind can ravage the walls [fortresses] with water, fire and hailstones. Ez 13:13
- The wind carries away the broken iron and clay (Antichrist alliance) crushed by Y'Shua. Dan 2:35

Based in the scriptures, all that I heard has been confirmed in this conversation except the 12 tribal names given or adopted by the 12 Captains and the use of music as the tool to bring the armies of the four winds to engage in battle.

Evidence for music as the language of the winds is seen in the battle of Jericho that was engaged through the music of praise and worship. It is clear that music will be a part of bringing down the strongholds of the enemy. Further, if the winds or angels are to be judged by the heirs of salvation, we are given a relationship of command over angels as we walk in obedience to YHWH and Y'Shua as an heir to salvation.

As a warning, if we step from the center of this call, we have no power whatsoever over angels and we will likely fall into the hands of the enemy.

Transcends Time and Matter

The last question and answer regarding the question of the making of the staff: "That which transcends time and matter," is yet to be fully revealed. What I do know I am not to disclose at this time. There is some evidence for all this with the work of 19th century scientist by the name of Keely that rivaled Tesla in discoveries and intelligence. I can say the staff of YHWH will be a tool in the hands of the singer-prophets in the days ahead.

For My Salvation

I must admit that I am here in Colorado as led by dreams and visions to seek my own salvation through the Creator of Creators. I also realize that others like me also have this deep sense of mission and destiny and are being trained elsewhere in the world. These are the people I am now seeking to find and pray for weekly upon the mountain as I offer incense to YHWH upon a simple rough stone altar I have built there.

It should be understood that our salvation (safety) from what will soon come upon the earth will be given to anyone who 'wills' to understand what Creator is seeking for us to understand. To understand, we all must put aside our anger and mistrust of the past and draw together in one covenant as the people of the Creator of creators (YHWH). Faith that worketh by love is the motivation that is our call and safe haven. So be it Lord YHWH!
