

Boy Scouts of Red Dragon: Dream

by David Michael, info@glentivar.org

The Dream

In the early morning of the 14th of March 2013, I received a dream in which I was among the Boy Scouts of America. We were high up in the mountains around cabins and there was much camping activity. I noticed in this dream that all of the writing on the Boy Scouts uniforms was in bright red and not the usual subdued colors. I then saw a glimpse of a red dragon far up in the forest moving in the mist of the mountains where we were camping. The red of the red writing on the uniforms were seen to begin to glow with the breathing of the red dragon not far away in this dream.

It was if this red dragon high in the mist was giving power to the bright red words or script written on the Boy Scout uniforms. He was clearly the power behind their new mission in America.

In the dream, the Boy Scouts took on the resemblance of the Nazi Youth Brown Shirts which were a youth military organization set up by Hitler to bring in the very young into his Nazi ideology. In history, the Nazi youth were used to create unrest in the cities where they gathered and were informants against those who opposed the Nazi ideals.

Close to Home

My son who is now working for his Eagle Scout badge told me recently the new leader of the Boy Scouts in America is seeking to force the regional and local troupes to fully accept gays into their ranks as Boy Scout leaders. I know this has been going on for many years but now it is happening from within the BSA system by the newly appointed leader of the Boy Scouts in America.

I told my son that if they force this upon your troupe, it will be time to get out. This is sad since the Gay agenda is to normalize sodomy which is one of the first sins ever committed on earth and is the 'banner flag' sin for bringing its participants under the controlling power and judgment of Satan.

Red Dragon Agenda

The Red Dragon is Satan and is now seeking to bring the BSA organization fully under his wing in wanting to use them to assist the rise of the NWO regime. It has been brought to my attention that the Boy Scouts have been 'tested' in going before military and police knocking on doors house to house to collect all guns in a mass gun round-up. It is thought few would shoot a 'Boy Scout' as he comes to the door and asks politely for all of your guns.

This event would occur nation wide when Obama finally succeeds in making all guns illegal. This event would certainly occur when Martial Law is enacted in the near future. Obama has already given the US gun control policy making powers over to the UN so it is only a matter of time before this gun round-up occurs.

It may be the Boy Scouts will be the first who come to your home demanding that all of your guns be immediately surrendered to the NWO/UN military. If you comply, no issue. If you do not comply, I envision SWAT type UN teams visiting you at 3 am in the morning to

arrest you and get your guns. They will kill you if you resist.

Watch closely the shift in policies for the Boy Scouts of America as it is hijacked by the NWO to become like the Nazi Brown Shirts of Germany just before WW2. If you have children in this organization, ask them what is going on and be attentive to the subtle policy changes that are occurring in this once great youth program.
