

Three Woman Warriors: Dream

Stealth

In the early morning on the 3rd of September 2014, I had a dream in which I found myself with a large highly advanced military type technology company. I was hired to research and remedy a breach in their security by targeting all of the personal of the company to find who was involved in technology theft and espionage. I remember stating in this dream to another that I had a Master of Science degree focused in the field of security. I actually have this in the earthly world. I was given a small department to work from that was not accountable to anyone except the CEO of the company. We were invisible to the rank and file of the company. Our weapons were stealth in the use of psychic powers held by this gifted staff and if necessary, deadly force.

Three Women

When I arrived to take over this stealth department, I found three women were on staff. They were beautiful women 5' 10" and taller and very athletic. Their stature was imposing enough and it was clear to me by how they moved they knew their way with the use of many weapons as if they were trained ninjas ready to die for a mission if necessary. They were beautiful as they wore black tight fit clothing – the type that may be used by a jewelry thief who uses repelling ropes and technologies to bypass various security systems. One was racially white, another black while the race and features of the third woman was not clear to me – more of a shadow in this dream. They could do any task undercover as a secretary, manager, worker or outside vendor. They were extremely versatile and due to their beauty and charm, many would come to them and just confess conscience issues without knowing they were incriminating themselves.

Uncovering Evil

We began to uncover a massive well organized covert system in the company that involved personal and managers all the way up to the CEO. As we progressed and “neutralized” the persons who were committing espionage in the company, there were only a few of the original managers left. What was interesting is no one who was removed from the company was investigated for foul play if they died. If they died, it appeared to be of natural causes or they just left the company – quit their jobs. This is the evidential use of psychic power or better understood as the hand of YHWH to neutralize the threat.

As I awakened, I realized the company was all of humanity that had been taken over by the dark forces under Satan and the power of the truths of this life were being given to and then used by the darkness to enable the darkness to rule over the souls of

men supported by using advanced various technologies. Our job was to identify the persons of darkness among humanity and remove their power and threat. The CEO was God who had assigned us this task as psychic warriors. The choice of the three woman of stature is interesting. They reminded me of the TV show Charlie's Angels of the 1970's. Their height may be literal or symbolic in that they have great psychic stature or power in their gifting's. I have met one of these women who is 5'10" so the stature may be literal and not symbolic or it could be both. The choice of three is the number of completeness in being able to as a team, overcome any obstacle in completing the mission while remaining in stealth mode. Their difference in ethnicity suggests they are drawn from all races of humanity specially chosen to then be tasked to save humanity from the dark forces.

The Threat of Darkness

This dream came after I prayed the night before asking YHWH just how we were to approach the threat of darkness in our age. I now must consider what the dream presented it as a model for me to use in the development and applied use of psychic technologies for the cause of justice and truth while always offering mercy. A few weeks earlier I was told by YHWH that I am to become a "Judge of Israel." I at that time realized that real Israel are dispersed all over the world and are now in many nations and races. This dream confirms this mission. This dream further suggests how judgment is to be carried out and by whom in removing the powers of darkness from enslaving the lives of the children of light. May the one true God YHWH have mercy upon us all.
